

GOLF SOCIETY OF AUSTRALIA

PATRON: MRS ANNE COURT

Melbourne Pennant Database, MatchTracker, Available

The Golf Society of Australia is extremely pleased to announce the availability of MatchTracker, a comprehensive database of VGA/GV/GA (Victoria) pennant results. The database covers the period from men's pennant golf's inception in 1899 to 2020, with the current exception of results from 1967–1988. These results are available but are yet to be entered; this will be done over the next few months. Moreover, it is expected that recent women's results (from the advent of Golf Victoria) will be included subsequently.

Please click on the MatchTracker tab to link to and explore the database. And if you can help clear up several queries about entries, please do so. A list of known queries is available from within the database, but there are sure to be others, which you may be able to identify and resolve. Address your query solutions to Murray Cropley at mcropley@netspace.net.au.

All correspondence to Registered Office,
